PERSONAL AND SOCIAL NOTES.

TWO WEDDINGS ARE CELEBRATED IN OAKLAND HOMES.

The marriage of Miss May Harms of San Francisco and Frederick Hennings of this city was solemnized last Saturday evening at the new home of the bride and groom on Alice street. The pretty cottage was tastefully decorated and after the ceremony, at which Rev. Fuendeling of the San Francisco German Lutheran Church officiated, an elaborate wedding supper was served.

The bride was attended by Miss Lena Hennings, Miss Charlotte Harms and Miss Sadie Mass of San Francisco. Carl Bernhardt attended the groom as best man and Alfred and Herman Harms were ushers.

ANDRE-CANTY WEDDING.

Miss Elizabeth V. Canty and J. Lewis Andre were married last night at the home of the bride's sister, Mrs. Charles H. O'Connor. The home was prettily decorated.

The bride, a petite brunette, wore a dainty gown of white French organdie, elaborately trimmed with tiny ruffles of lace, narrow white satin ribbon and fine tucks. No veil was worn, but a spray of orange blossoms adorned the coiffure. The bridal bouquet was a shower of white roses. Miss Charlotte Canty was maid of honor and Miss Annie Canty bridesmaid. Both young ladies wore pretty gowns of white organdie and lace.

The groom was attended by Fay Johnson of San Francisco. Rev. Edward Nolan was the officiating clergyman.

The bride is the youngest daughter of the late Patrick Canty, a well known iron merchant of San Francisco, and is a sister of Miss Charlotte Canty, the clever short-story writer. She is a very attractive girl and is the possessor of an unusually sweet mezzo-soprano voice. Mr. Andre is a civil engineer by profession and is in charge of the draughting department of the Miners' Foundry across the bay. He is a son of A. A. Andre of San Francisco. The young people will enjoy their honeymoon in the Yosemite Valley, and on their return will reside in Alameda.

GUEST OF HONOR.

Miss Mary Culbertson was the guest of honor at a pleasant reunion of old friends last Thursday afternoon. Mrs. D. W. Gelwicks was the hostess and several delightful hours were spent in her studio in the Woman's Exchange building. The rooms were prettily decorated and about thirty guests were present.

PERSONAL AND SOCIAL.

Dr. and Mrs. Harry P. Travers will spend the Fourth at the Geysers as the guests of Dr. O. D. Hamlin and wife.

Miss Ethel Haas, who has been spending some weeks in Napa, has returned to her home in this city, accompanied by her cousin, Miss Marie Leacock. Miss Haas will go to San Jose for the Fourth.

Mr. and Mrs. J. Cal Ewing will spend the Fourth with Mr. and Mrs. G. R. Lukens at Mount Shasta. On their return Mrs. Ewing and her two little daughters are going to the Santa Cruz mountains for the remainder of the summer.

Mrs. Hunt of Berkeley is visiting Mrs. J. J. Hanifin.

The Misses Rutherford and Walter S. Rutherford, accompanied by Mrs. Loring Doe of San Mateo, are at Aetna Springs.

Mrs. L. C. Beem and Miss Bessie Beem have just returned from a trip in Sacramento and El Dorado counties, where they spent a very enjoyable vacation.

Dr. H. E. Muller has returned from Highland Springs.

Mrs. M. J. Laymance and family of East Oakland have just returned from a delightful three weeks' outing at Highland Springs.

Miss Madeline Connor and Miss Grace Connor of 770 Fourteenth street and Miss Lillian Brink have returned from a ten days' sojourn at Lake Tahoe.

C. J. Heeseman leaves today on an Eastern business trip and will be absent about a month.

W. H. J. Matthews, Deputy City Treasurer, and family have returned from a week's outing to Ben Lomond, where they had a pleasant time.

Mrs. Alexander Young Jr., who resides on Sycamore street, is recovering from her illness.

F. Cediey (removed to 1248 Broadway, opp. Postoffice) receives work daily at the Latest Parisian Cleaning and Dyeing Works. Dry cleaning a specialty. Telephone Main 175.

BODY INDENTIFIED AT THE MORGUE

CHARLES D. WILLEY JUMPED OFF A STEAMER INTO THE BAY.

The body found floating in San Leandro bay Sunday has been identified as that of Charles D. Willey, a painter and old resident of San Jose, who jumped from the Alviso boat on June 20th. The remains were identified by friends who stated to the Morgue officials that the act of the suicide was not unlooked for, as deceased had been threatening to end his life for some time.

Willey was a native of Maine, aged 75 years, and leaves a family of grown children in San Jose. He was very well known there, and at one time was wealthy, but of late years he met with financial reverses, and to this his act is attributed.

PORTLAND CREW HERE FOR PRACTICE

PREPARING TO TAKE PART IN THE REGATTA TO BE HELD ON THE LAKE.

The team that is to represent the Portland Rowing Club in the Regatta on the Fourth of July, arrived from Portland yesterday and are registered at the Hotel Crellin yesterday afternoon. They had a tryout on Lake Merritt and after going over the course expressed themselves as perfectly satisfied with the conditions.

The team is composed of the following: R. C. Hand, P. E. Stowell, S. M. Sunders, R. G. Durham and W. J. Patton.

BOXING AT THE WEST OAKLAND CLUB

LONG WILL MEET McCONNELL IN THE RING AND FIGHT FOR THE CHAMPIONSHIP.

The bouts to be held at the West Oakland Club tonight should provide one of the finest evening's sport seen in Oakland for quite a while. The goes should all be of the red hot kind as all the contestants are in first class condition and fit to go twice the number of rounds scheduled. The first bout on the program between Henry Martin (colored) vs. Tom Murphy at 154 pounds should be lively as both have a long standing grievance to settle.

The main event is attracting considerable attention and as each of the contestants have trained faithfully for this go they will no doubt put up as interesting a bout as at their former meeting at the Reliance Club where they battled ten rounds to a draw.

This go is ten rounds between Louis Long of the Reliance Club and Frank McConnell of the Keystone Club for championship of the Coast.

BOWLING GAMES ON THE LOCAL ALLEYS

AMATEUR CLUBS MAKE GOOD RECORDS KNOCKING DOWN THE PINS.

One of the most interesting series of games of the Oakland Amateur Tournament was bowled last evening at the Oakland alleys between the O. B. A. team and the Pastimes. The two contesting teams are the leaders of the tournament, and the victory of two games out of three in this series, in favor of the O. B. A.'s, will place them in the lead with eight games won out of nine played.

The next series will be played by the Bankers and the Heesemans on July 2, and the O. B. A.'s and the Owls will play on July 3.

BASEBALL GAME ON OAKLAND GROUNDS

LOHMAN'S BOYS WILL MEET THE SAN FRANCISCO TEAM IN A SERIES OF GAMES.

Tomorrow afternoon the San Franciscos will play here with the Oaklands. They open a six game series at Golden Gate Baseball Park tomorrow afternoon, and as both teams are playing National League ball these days it should prove a contest worth witnessing.

Peter Lohman's injury, sustained when Hanlon spiked him at the home plate in the game last Sunday, is not as serious as at first thought. It takes more than a toe spike to put the veteran backstop out of business, and he will be playing tomorrow. Walters, who has been out of the game for three weeks, will be back again, and his return should prove a tower of strength to the Oaklands.

It is to be hoped that Umpire McDonald can be induced to consult an oculist before the opening of tomorrow's game. ...rulings on balls, strikes and close ...have been very poor ...Oaklands ... McDonald is ...to pieces if ...in her winning ...even up the ...

months old. Mohler leads his team mates in runs and stolen bases. The speedy little second baseman has a record of thirty-three base steals to his credit, and has crossed the home plate just forty-seven times. Dunleavy is in second place with twenty-six stolen bases and thirty-four runs, and only a hair divides McCreedie and Julius Strelb in the run for show money.

us. There was, for instance, Joseph Le Conte. To look forward as a Freshman to the coming of his lectures was to await a wisdom and enlightenment for which the reports of upper classmen prepared us from the first. To begin work with him was to begin something like the escape of the men of the cave in the story of Plato's Republic from their world of shadows. The knowledge of the light grew steadily stronger, the familiarity with the true world outside the caves grew steadily more constant day by day, during all the three years in which he discoursed to us. Those three years were an invaluable training in calm thinking, in serious inquiry, in liberality of spirit, in an assurance, both that the truth makes free and that the freedom of spirit is nevertheless an earnest and grave privilege to be earned only through careful work. Professor Le Conte, was, I suppose, the most many-sided of our early teachers, but he was not alone in his power to inspire and to discipline."

Continuing, Professor Royce said that no other country could show as much of the love of learning, of the spirit of search, of the true academic movement, as can the United States of the last twenty-five years. This, said Professor Royce, is the most encouraging sign in the history of the United States.

D., Superintendent of instruction of public schools of St. Louis, Mo., who is lecturing on Educational Administration in the Summer Session, will give several lectures during the session which will be open to the general public. The first of these lectures will be given at 8:00 o'clock, Wednesday evening, July 2, in Stiles Hall. The subject will be "Fads in Education." These lectures will be general in character, and while they will deal with educational topics they are so planned as to be of interest not only to teachers, but to all others. In this first lecture Dr. Soldan will touch upon the humors and oddities of some latterday educational crazes.

ART DISCUSSION FROM HISTORICAL STANDPOINT.

BERKELEY, July 1.—Mr. Francis Melbourne Greene, B.L., Lecturer in Art in the Summer Session, will begin Tuesday evening, July 1, a series of ten lectures illustrated by over 1000 stereopticon views on "The History of Art." The first lecture will be on "The Nature and Scope of Art." Mr. Greene will speak again on Thursday, July 3, on "Form and Color," and on the remaining Tuesday and Thursday evenings throughout the Summer Session.

STAYED IGNORANT OF FIRE IN A BURNING HOUSE.

BERKELEY, July 1.—The residence of Edward C. Simpson, 2112 Parker street, was gutted by a fire late yesterday afternoon. An alarm was turned in at three o'clock, but the fire had been burning for fully a half an hour before it was discovered. Mrs. Simpson had been in the house for fully fifteen minutes without discovering the fact that the house was on fire, and was only apprised of it by neighbors rushing in and hurrying her and her two small children into the street.

The origin of the fire is a mystery. Mrs. Simpson and her children had been visiting in Martinez, and there had not been a fire in the house for fully two weeks. It is thought that wind caught burning paper from a neighbor's yard and carried it up under the eaves of the house.

All of the furniture was saved. The rear of the house was totally ruined, and the front rooms were damaged to an appreciable extent.

CARNEGIE LIBRARY IS FORMALLY DEDICATED.

Addresses Are Made by Prominent Citizens—An Original Poem by Librarian Greene.

The new Carnegie Library was formerly dedicated last night in the presence of a large audience. The upper floor where the exercises were held was filled to the limit.

The exercises were opened by an address by Lowell J. Hardy president of the Board of Trustees.

Kind reference was made to the late Henry A. Chitten who secured the $50,000 for the Library.

PRESIDENT HARDY'S ADDRESS.

President Hardy spoke in part as follows:

"The dedication tonight of this beautiful temple of learning to library uses, marks a pleasing and encouraging epoch in the growth of the Oakland Free Public Library.

"This library did not spring into existence fully equipped, like Minerva—but had its origin in a small library supported by contributing members which was established through the public spirit and munificence of a few pioneer citizens of Oakland.

"Education is a potent factor in world civilization. It harmonizes in thought and institutions; it develops and strengthens individuality and moral character, and gives man the power to know and to enforce his rights. It is restoring religion to its fundamental meaning as taught by Jesus, by eliminating non-essentials, and expanding the walls of sectarianism to let in the increasing light of reason and charity. Education is the hope of progress and republics. Washington said in his farewell address, written with a pen of inspired wisdom, that institutions for the general diffusion of knowledge, should be promoted as an object of primary importance and that in proportion as government rests upon public opinion—that opinion should be enlightened."

"Andrew Carnegie, impelled by a desire to uplift and benefit Oakland, generously gave to the city of Oakland, the sum of $50,000 for the erection of this magnificent and suitable structure. No more enduring or fitting monument in perpetuation of loving and grateful memory can be erected.

"The members of the Ebell Society, in a like spirit of generosity and humanity, and after all attempts by others had failed, went into their own pockets and those of their husbands, and into the highways of traffic for means with which to purchase the lot upon which this building is erected. Their strenuous efforts were crowned with success. More than this they have done for our city—they are in like manner and spirit providing the money required to finish and equip the childrens' room located in this building, where may be seen, when finished and equipped, their artistic taste and practical judgment well displayed. I would enlarge the field of woman's influence. She has never been false to new libraries, or shown incapacity for enlarged opportunities.

"Oakland's social and intellectual position impose upon it a twofold duty to maintain its liberty and reading rooms in their best and highest utility.

"There is every assurance that this duty will be performed, and that an appropriation will be made by the present Council for the next fiscal year, sufficient to maintain them properly, and to discharge a deficit of about $4000 that will be necessarily created by the trustees, under contracts now partially performed. In order to utilize at the present time these gifts, and to comply with public sentiment which was opposed to further delay—such action became requisite. If the Council, in making its appropriations for the next fiscal year, should refuse to include this deficit, it may be necessary to close the reading rooms in order to discharge the obligation. The city of Oakland must keep good faith with those who are helping the trustees in this matter. Because nature's God has been generous to us in the matter of physical and climatic conditions, and has given us a charm and beauty of surroundings and commercial advantages, thereby rendering the possibilities of great development more easily attainable—we should not permit the weeds of neglect and indifference to spring up in our minds as an index of our civic character, but rather we should be all the more public-spirited and progressive."

TRUSTEE EVANS.

A vocal selection by Mrs. O. K. McMurray preceded the address of George S. Evans, of the Trustees, who said in part:

"This library is a city set on a hill. Its light cannot be hid. While in large measure, it contains the record of the past, of generations that are now only a memory, it is not in any sense a Necropolis, but rather a City of Light. Men die, but their thoughts, and the record of their actions live and future generations profit by what they thought and what they did."

LIBRARIAN GREENE.

The special poem written for the occasion by Librarian Charles S Greene was read by its author. It was entitled "The Fruit of the Tree of Knowledge."

PRESIDENT WHEELER.

President Benjamin Ide Wheeler, in an interestingly personal way, related the story of his early reading, explaining how difficult it was, a generation ago, when books were not so generously distributed as they are now, to get good reading. The dearth of books compelled him to rummage into his father's religious works and devour them with avidity. Mr. Wheeler told of a personal interview with Andrew Carnegie. He said:

"A little while ago I sat with Mr. Carnegie on his steps. We had a delightful talk, and after a while he said he was going back to hard work. The hard work consisted of a pile of petitions containing appeals for money for libraries. He said to me: 'It is easy to make money; I could always make money, but it is hard work to give it away.'

"Just think of being engaged in the hard work of giving away money! But why does Mr. Carnegie give away his money to libraries? I wish I could interpret his spirit in this matter, but it is a difficult task, and I shall not attempt it tonight."

REV. E. E. BAKER.

The Rev. E. E. Baker eulogized the ladies of the Ebell Society for their splendid work in securing the site for the library. He said in part:

"I have only to refer to the accomplishments of the Ebell ladies when they came to the rescue, when apathy was about to lose us Mr. Carnegie's gift. All honor to the ladies who came to the rescue of such a project as this.

"The children's room is not completed because the ladies have not found their pockets—a difficult thing for them—but they have found the pockets of the husbands and brothers, and we will soon have the finest thing Oakland has ever seen."

COLONEL JOHN P. IRISH.

Colonel John P. Irish spoke [illegible] Ebell ladies, and related the narrow escape they had from disappointment in not being able to carry out what they had set out to do. He said:

"These ladies went at the purchase of the library lot in a business-like way. They took the precaution to bond the lot for a certain term. They took the precaution to protect themselves in every incident connected with the purchase of that lot. And how they did work to get that money. I remember well the morning Mrs. Knox and Mrs. Ginn came to my home and said that with a $3,000 deficit staring them in the face they could not raise another cent toward that $20,000. So we talked it over and we decided that we should communicate with Mr. Huntington.

"Then I sent a telegram off to Mr. Huntington asking him to assist in this grand project. The response came next morning, with only three days between it and the day the option should expire. So that to Mr. Chittenden, who took the initiative in proposing to secure money for this building from Carnegie, and the ladies who assisted so grandly in purchasing the lot and all who gave the smallest sum toward it there is an interest in this building—this building in which is wrought devotion and fixedness of purpose and sacrifice.

"This is a great night for Oakland. This is a meeting for a peaceful and elevated purpose. All honor, I say, to Mr. Carnegie and all who have given us this building."

In the course of the evening Mrs. C. C. McMurray sang two solos and the audience joined in singing "America" at the conclusion.

REALTY SYNDICATE BUILDS A ROAD.

SUBURBAN COMPANY BUILDS A NEW LINE SO AS TO SUPPLY PEOPLE WITH LIGHT.

FRUITVALE, July 1.—The Realty Syndicate has been engaged in constructing and grading a road through the Dimond ranch, which is located in the foot-hills above here. More than thirty men have been employed on the road several months and it is rapidly nearing completion.

THE NEW LINE.

The new electric light line which is being placed by the Suburban Electric Light Company along Peralta street to Nicol avenue is about completed and many houses in that district are being wired. It was at the request of some fifteen residents of that district that the company consented to place the line. These people and many others will now use electric lights.

BIDS RECEIVED BY THE BOARD OF EDUCATION.

A special meeting of the Board of Education was held last evening to receive bids for the construction of a four-room addition to the Piedmont school building and to award contract for the building of same.

The following bids were considered: C. Christenson bid $7,082, Joseph S. Burpee bid $7,537, Woodward & Campbell bid $7,101 and C. H. Wilkins bid $8,700.

The bid of C. Christenson was found to be the lowest, and Director Randolph, chairman of the Committee on School Houses and Sites, moved that the contract be awarded to Mr. Christenson and by the unanimous vote of the Directors present it was so ordered.

The Directors present last night were: Directors Button, Evans, Knox, Randolph, Robertson and President Redington. The Board then adjourned.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The boys were residents of East Oakland.

MAY PUT OIL ON THE STREETS

HAYWARDS PEOPLE ARE TALKING ABOUT A NEW PLAN IN THE COUNTRY.

HAYWARDS, July 1.—Some time ago the proposition of putting oil on Railroad avenue, after the plan which is being successfully carried out in Salinas and other California cities, was taken hold of by the Town Trustees and for a while it appeared as if the Board would have the street treated in that manner. At that time, however, the proposition was forgotten, but it is now being revived, and it is possible that the Board will give the oil a trial in the near future. A well known citizen of this place upon returning from a recent trip to Salinas made such a favorable report on the new method of repairing roads that it may have the effect of bringing the Trustees to action in the matter.

Railroad avenue would be used first, as it is best located for experimental purposes and is slightly in need of repairs. Then, should the Trustees be satisfied with the new plan, they will have other principal thoroughfares treated in a similar manner.

It is possible that the Trustees have not taken action in regard to this question before on account of the several objections made against the oiling of streets. It is claimed that the oil destroys leather and ruins clothing.

In some cases there may be danger to clothing, but the method of oiling is becoming perfected each year, and it is now arranged in such a manner that it is similar to asphaltum. The road is first oiled, then rolled. A coating of sand is then put on, after which it is oiled again and rolled until it is as hard as a macadamized road and a great deal smoother.

When completed, if the road has been properly rolled and sanded, there is little danger of small particles of oil flying from the wheels of vehicles to ruin light clothes.

BREWERY COMPLETED.

Palmtag & Heyer's new brewery is now completed and the regular work of the plant has been commenced in the addition. The new structure has a frontage on Castro street of 111 feet and is four stories high surmounted with a 40-foot tower, which can be seen from any part of Haywards. On the first floor of the addition the handsome new offices are located, also a large waiting room. On the lower floor is also a sprouting room and the heating apparatus for operating the malting kiln. The malt kiln and another sprouting room is located on the second floor, also several rooms for the employes of the brewery. The drying rooms are situated on the third floor. The rooms are floored with steel and are used for drying the malt, the steel floor being heated from the furnace on the first floor.

As the brewery now stands it is one of the finest structures of its kind in this county, being complete in every detail. It was constructed under the supervision of J. B. Lewis.

DISMISSED A SOLDIER.

Sam W. Stone, an old soldier, was arrested here several days ago for being intoxicated. When taken before Judge Prowse, the old man explained that his constitution was so arranged that he became intoxicated upon drinking two glasses of beer. Considering the fact that he was an old soldier and it was his first offense, Judge Prowse dismissed him with a lecture on the evil of drink.

DIED AT INFIRMARY.

Miss Lucinda Caldwell died at the County Infirmary Sunday. The young woman, who was 20 years of age, had resided in this place for a number of years. She lived with the family of Captain Nielsen of the Central Hotel.

FINE HORSE ILL.

A valuable horse owned by Jesse Woods was recently stricken with paralysis of the kidneys. Dr. Donnelly of Oakland and Frank Caten of this place have been taking care of the animal and it is expected that it can be saved.

NOTES OF INTEREST.

Henry Nebas has been quite ill for some time. He is suffering from an attack of bronchitis.

Archie Bullock, a former resident of Haywards, was a recent visitor in town.

Prof. H. D. Petray, the newly elected principal of the local school, will occupy F. F. Allen's residence on B street, which was formerly occupied by Prof. Greenwell and wife.

Ed Larkey and wife of Walnut Creek were recent visitors at the home of Mr. and Mrs. A. L. Graham.

TALCOTT CLUB FOR ELMHURST.

POPULAR SUPERVISOR IS WELL SUPPORTED IN THE COUNTRY TOWN.

ELMHURST, July 1.—The proposition of forming in this place a Talcott Club for the purpose of supporting Supervisor J. R. Talcott in the coming election is being discussed. At a recent meeting of citizens held in Frank Storer's office every one seemed confident that Mr. Talcott would be elected and all expressed a willingness to work in his interest. It is probable that within a few days a club will be formed here for the purpose of securing votes for the popular Supervisor. Mr. Talcott is particularly popular with the employes of the Haywards line, nearly all of whom reside in Elmhurst, which makes it a very strong section in his favor.

LARGE FIRES NEAR LIVERMORE

FARMERS HAVE NO USE FOR THE CAMPERS IN THE COUNTRY.

LIVERMORE, Cal., July 1.—Grass and brush fires seem to be plentiful about this neighborhood. There has been such a quantity of feed, grain and hay destroyed of late that the ranchers are very uneasy and their vigilance has increased to a most astonishing degree. One of the latest fires of this kind occurred on the Copeman place situated along the Pleasanton road. Notwithstanding the fact that all the neighbors came to the assistance of Copeman their efforts were not successful until at least eight acres of barley were consumed by the flames.

Last Saturday an extensive grain and hay fire was reported near the Mulqueeney place on the Patterson Pass road about ten or fifteen miles East from this place. According to the reports of people who saw the fire a great quantity of grain and hay was destroyed and that had it not been for the most strenuous efforts of the ranchers several dwellings would have fallen victim to the conflagration. The smoke could be seen here all Saturday afternoon. The fierce fire which raged in the hills about fifteen miles southeast from here is still remembered with terror by the ranchers in that region known as the Vista School District and another one on the Carroll place near Altamont burning about five acres of feed belongs to this list of conflagrations. In nearly all instances the cause of the fire is ascribed to the carelessness of campers and the farmers claim that something should be done to prevent further damage. It is stated that every year during the camping season extensive fires break out in the grain and hay district, but this year they are more numerous and follow each other more quickly.

BUCKLEY'S PLACE.

There is a report about town that Chris Buckley leased his large vineyard to C. J. Wetmore and that B. P. Barker is to be the superintendent of the place. People who know endorse the report as authentic and add that Mr. Buckley is not desirous of seeing the deed in public print.

County Treasurer Feidler has purchased the home of H. C. Petray, formerly principal of the Grammar School here and now principal of the Haywards School.

The grand officers of the United Ancient Order of Druids will visit the local grove this evening. A special meeting has been called in honor of the occasion and the hundred and sixty members of Livermore Grove No. 39 will entertain the distinguished visitors at a banquet. Owing to the short time wherein to make preparations the affair will be rather informal.

NOTICE TO VOTERS

REGISTRATION

Office of the County Clerk, Alameda County, Cal.

NOTICE IS HEREBY given that in accordance with the provisions of Chapter 53 Statutes of 1899, all voters of Alameda County must apply for re-registration in order to be able to vote at the General Election in November, as every name on Great Register was cancelled January 1st, 1902.

Owing to the fact that there is no provision of law providing assistance for the Clerk to register voters, IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION AT ONCE IN ORDER TO EXPEDITE THE WORK.

Such re-registration began on the 1st day of January, and will be in progress at all times until forty days preceding the next election in November.

In order to facilitate the work of re-registration, attention is called to the provisions of Section 1097, which reads as follows:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost or out of his possession, which affidavit must state the place of his nativity and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county at the next succeeding election; provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties, or cities and counties of this State, his name must not be entered by the Clerk unless he produces a certificate of such registration, issued by the party authorized by law to issue such certificate, which certificate shall be prima facie evidence of his naturalization.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election.

Further notice is hereby given that Affidavits of Registration must be sworn to before the County Clerk or his deputies, and that they can not, owing to the provisions of the new Registration Law, be sworn to before any other officer.

The office of the County Clerk will be, until further notice, open for registration from Nine A. M. until Five P. M. each day.

WANTS OAKLAND PUT ON THE MAP.

SECRETARY STEARNS ROUNDS UP THE RAILROADS FOR GIVING IT THE GO-BY.

[...] the Board of Trade [...] circular to railroads:

"[...] residents of [...] received a very [...] of the luxury [...] as exemplified [...] Limited.' [...] pamphlet shows [...] route of the [...] with San Francisco in good-sized type. Los Angeles, San Diego and other cities of smaller size 'on the map.' Where Oakland should be, is the circle denoting the starting point of the rail portion of the line, but no word 'Oakland.'

"In other words Oakland, in so far as the 'New Overland Limited' is concerned, even though the train does start from Oakland, is not in evidence. Rather than have this error go unnoticed, the Oakland Board of Trade will gladly furnish a rubber stamp, of same size type as some of the other cities, to be placed alongside of the circle which should be marked Oakland, if you will agree that same will be used hereafter. We naturally do not like to be left out in the cold when so many smaller cities are 'on the map.' Very respectfully,

"OAKLAND BOARD OF TRADE.
"EDWIN STEARNS, Secretary."

JACKSON MAKES REPLY TO WATER SUPPLY COMMITTEE

CHAIRMAN CHAMBERLAIN SENDS LETTER TO THE MAYOR THAT EVOKES RESPONSE FROM THE SECRETARY.

"The trouble with Mr. Chamberlain is that he has the Mayoralty bee in his bonnet," said Secretary R. F. Jackson. "He is wroth because the Mayor took him at his word, and thus deprived him of the opportunity to do politics with the committee on water supply. Had Mr. Chamberlain been Councilman to succeed Charles A. Bon, he would not have made these acrimonious and unjust attacks on the Mayor. When Mr. Smiley was found to be disqualified, the Mayor offered the appointment to Mr. Chamberlain, who then declined it, but came round later and signified a desire to accept. The Mayor had offered the appointment to another gentleman in the meantime, however.

"Mr. Chamberlain insisted that the committee could do nothing without funds, and six members of the Council, constituting a majority, positively stated that no funds would be forthcoming out of either the last or the present fiscal year. In this dilemma the Mayor saw no other recourse than to dissolve the committee. The communication from the Councilmen was in response to the Mayor's personal solicitation to vote funds to the committee, and his official recommendation in favor of passing the ordinance appropriating $2,500 for the committee's uses. What else the Mayor could have done is difficult to see.

"But Mr. Chamberlain had previously adopted a hectoring tone in regard to funds, taking the position that it was within the Mayor's power to force the Council to appropriate funds. In short, Mr. Chamberlain was looking for a fight for the purpose of advancing his political aspirations. It is clear he was seeking a pretext for antagonizing the proposed bond issue for public improvements.

"The Mayor is not responsible for the acts and utterances of the Council, and nobody knows it better than Mr. Chamberlain, but he professes to think differently and lashes himself into simulated indignation because the Mayor courteously took him at his word. What he wanted to do was to get up a fight between the Mayor and the Council in order to further his desire to succeed to the Mayoralty.

"It is pertinent to inquire who has got Mr. Chamberlain by the ear. Who wrote his 'open letter' to Mayor Barstow? He did not. What was its animus. Mr. Chamberlain passes by the plain facts to deal in rumors and conjectures to impeach the Mayor's motives. He discredits his own statements about the necessity for funds in order to present a reason why the Committee should continue in existence.

"When the Committee was appointed the charge was made that it was appointed to facilitate the sale of the Contra Costa Water Works to the city. Because I have stated the Contra Costa works are not for sale, Mr. Chamberlain sees fit personally to attack me. He does this because I charged him with doing politics on the Water Committee and seeking to embarrass the Mayor to serve his own ends. I pointed out the inability of the Mayor to compel the Council to comply with his demand for funds yet he continued to insist. He has been insisting since early in May. Latterly it became manifest that he had other objects in view which he was urging his demands to further.

"Because Mr. Chamberlain could not use the Mayor, he is trying to break him down."

CHAMBERLAIN'S LETTER.

R. H. Chamberlain has written an open letter addressed to Mayor Barstow on behalf of the committee on water supply, criticising the Mayor for dissolving the committee.

The Mayor, who has been suffering severely from rheumatism, is at Aetna Springs, where he went shortly after forwarding his letter dissolving the Water Committee, but is represented at the City Hall by Col. R. F. Jackson, Secretary of the Board of Works.

Mr. Chamberlain opens as follows: "Of course, you have the undoubted right to dissolve a body of your own creation, and, as we accepted service, so we accept dismissal at your hands, but in so accepting we think some reply is due to your letter, which is filled with so much insincerity, misstatement and specious reasoning that its authorship may not in fairness be attributed to you."

The Council resolution in favor of public improvements is brought in as follows:

"Do you know who prepared this document, and the reason for its presentation at the time? We think you know. Was it prompted by your act in appointing your committee and in order that a new scheme should be projected into the public gaze and so sedulously pushed as to divert public attention from the water question and keep it riveted on your projects, which were held to be paramount?"

Referring to the troubles about funds, the letter says:

"You remember that it needed earnest solicitation from members of your committee to induce you to promise to send a message to the Council requesting funds for our use. What necessity existed that your representative, Mr. Jackson, should first consult the Contra Costa Water Company on the subject of your request? On May 20th you gave our chairman your hearty and unqualified approval of our request for funds. On May 24th you sent Mr. Jackson to dissuade certain members of the committee from pressing their request. On May 27th you met with the committee and asked the privilege of doing missionary work with members of the Council.

"On June 9th, your representative, Mr. Jackson, went to one of your business associates and asked him to visit the chairman of your committee and urge him to withdraw the request for funds. This gentleman is one of the most prominent and reputable citizens of Oakland, and to him Mr. Jackson stated that he had been to see Mr. Dingee, who would not allow the men in the Council who were controlled by him to vote for any funds for your water committee, and further, that if your committee persisted in having the matter brought to an issue in the Council the private and financial records of each member of the committee would be looked up and a bitter fight would be waged against them.

"On June 7th you gave your word to a member of our committee that you would transmit our request with a commendatory message to the Coucil meeting on June 9th. On June 9th, your representative, Mr. Jackson, visited our chairman, and after a heated interview, in which Mr. Jackson made some unwarrantable and unfounded insinuations, he left with the threat that your promised message should not be presented to the Council on that evening.

"As an evidence of your bad faith toward us we know that you sanctioned the course of Mr. Jackson, who gave your documents to a member of the Council with the understanding that their introduction was to be deferred.

"You know, of course, that this postponement was for the purpose of gaining time; that your message has not been presented and perhaps never will be introduced, but instead of this a letter has been sent by you signed by six members of the Council, which is couched in terms not complimentary either to you or to the members of the committee whose services you sought, and yet you have made this unofficial letter the basis of a pretext for dismissing your committee.

MRS. ALDRICH IS AGAIN DEFEATED

SHE COULD NOT HAVE SET ASIDE THE ACCOUNTS OF MRS. BARTON, ET. AL.

Mrs. Minnie C. Aldrich was again defeated today in the last of a number of contests she instituted against the accounts filed by Annie A. Barton and Helen A. Dunning as trustees of the estate of their late father, William A. Aldrich, who died about twelve years ago, leaving property valued at nearly $650,000. The contestant is the widow of William H. Aldrich, a brother of the testator, who died in 1897. She contested various items in the ninth annual account, claiming that they were excessive and not proper charges against the State. Judge Ogden, however, overruled all objections and approved the account as presented.

FOURTH OF JULY TO BE OBSERVED

MARCHING, SPEECHES, MUSIC AND REGATTA TO PLEASE OLD AND YOUNG.

The celebration of the forthcoming anniversary of the Declaration of Independence, Friday next, in this city will be on a scale of excellence never attempted here before.

There will be a procession during the morning, in which hosts of societies with floats will take part.

There will be literary and musical exercises following the parade, and among them will be eloquent speeches by a number of orators and several excellent choruses by school children and some of the best musical organizations in this city.

At the same time, there will be a regatta on Lake Merritt, in which there will be a dozen events in which eight of the leading rowing clubs of the Pacific Coast will take part.

In the evening the town will be ablaze. Strings of electric globes have been extended across the main thoroughfares, and these will glow with electric flames until midnight. The City Hall, too, will be decorated with electric bulbs and will present a most imposing appearance.

This electric illumination will be on a scale relatively as great as that of San Francisco during the recent conclave of the Shriners. It will be worth seeing, and there is no doubt that there will be thousands of people from abroad to gaze upon it.

The procession in the morning will contain a number of imposing features. There will be an immense number of martial bodies, all of which will be in dress parade attire, headed by magnificent bands.

A number of the fraternal orders will be represented by subordinate organizations, and many of these will have floats symbolical of the organization.

It is estimated now that the parade will require two hours to pass a given point.

Such a mass of marching people was never gathered before in Oakland.

Business will be suspended and the day will be given over to recreation and the inculcation of patriotism in a manner which cannot be otherwise than pleasing to the populace.

Reduced rates have been granted on all the railroad lines and thousands of people will undoubtedly avail themselves of the opportunity to pass the anniversary of national independence in a most agreeable and edifying manner.

SHOT DEAD BY POLICE OFFICER

FIRST FATALITY GROWING OUT OF THE BIG COAL STRIKE.

WILKESBARRE, July 1.—The first loss of life during the anthracite strike occurred today at the William A. colliery at Duryea. Antonio Guisuepe, an Italian, was shot dead by one of the Coal and Iron policemen from behind the stockade of the colliery. Reports differ as to the cause of the shooting. The friends of the dead man say he was walking on the road near the stockade when he was fired upon.

Another report is that the Italians tried to get over the fence and would not heed the warning of the policemen to go away.

GENERAL RAINS IN NEBRASKA

OMAHA, July 1.—There were general rains throughout Nebraska last night. In the Platte and Missouri valleys the rain fall for the past week or two has been excessive and in some places potatoes are reported to be rotting in the ground and the corn crop somewhat damaged by too much moisture. On the table lands, however, the rain has served to put the corn crop in splendid condition.

BIBLES COST HIM LIBERTY.

J. S. DOBLE SENT TO THE PENITENTIARY FOR FIVE YEARS.

J. S. Doble, the young man who thrice plundered the rooms at the headquarters of the Seventh Day Adventists and stole Bibles, was sentenced to five years in San Quentin for burglary.

In passing sentence Judge Melvin remarked: "It is always hard to send a young man to prison. Not because it is hard on the defendant, but because it brings a great sorrow into the hearts of those who are related to the prisoner. Your case is aggravated, because you are an educated man. You said you would repent your crime. I will pass a sentence upon you of sufficient length to allow you to carry out your resolve and also to be a warning to others."

The prisoner comes of a good family. He is 27 years old and has a wife and child and a mother in Lakeport.

Two other charges of burglary were pending against Doble, but they were dismissed on motion of Assistant District Attorney Samuels, who stated he thought the interests of justice had been served with the one conviction.

There was no public announcement as to when it would take place. It is stated that the affair took place in secret. A dozen people have complained to THE TRIBUNE on the subject. The fact is that the horse did not bring nearly as much as he is worth in the raffle.)

SOLDIER ELICITS THE COURTS SYMPATHY.

Curtis Peacock, an ex-member of the Twentieth Infantry, which has seen much service in the Philippines, was sentenced to one year in San Quentin by Judge Melvin this morning for grand larceny in stealing a bicycle at Haywards. Peacock steadily refused the aid of counsel, and pleaded guilty. He says he was under the influence of liquor when he committed the theft.

Assistant District Attorney Samuels said that he was sorry that a lighter charge could not be substituted, but that the statutes made the theft of a bicycle grand larceny and he as prosecutor could not file any lighter charges.

Judge Melvin was disposed to leniency and imposed a sentence of one year in San Quentin, remarking that this was the lightest sentence within his power.

STAND BY THE PRESIDENT.

REPUBLICANS OF MINNESOTA ADOPT A PLATFORM FOR CAMPAIGN.

ST. PAUL, July 1.—The Minnesota Republican State Convention adopted a platform this afternoon. In part it is as follows:

"We favor the policy of encouraging the proposition of the inhabitants of the Philippine Islands in their Democratic government to the largest practicable amount whenever peace and order are restored and they demand it.

"We condemn those who continue to resist the authority of the United States, openly in the Philippines or secretly at home, and we condemn the malignant attacks upon our army and navy, which have won for the people of the United States, whether upon foreign or domestic soil or at sea, imperishable fame.

"We favor reciprocity with Cuba as urged by President Roosevelt, by a plan which shall insure the profitable interchange of commodities, inure to the advantage of both nations, help the Cuban people needing it, the chief benefits of which shall not enrich trusts, monopolies or foreign speculators or which shall not interrupt our home production.

"We favor the most stringent national and State legislation to suppress anarchy.

"We favor the election of Senators by the people."

J. T. Wyman of Minneapolis was made permanent chairman. C. A. Morey of Winona presented the name of Governor S. R. Van Zandt and he was renominated by acclamation.

R. W. Jones of Minneapolis was nominated for Lieutenant Governor by acclamation.

ST. PAUL, July 1.—Former State Senator Masterman, chairman of the State Central Committee, in calling the Republican State Convention to order this afternoon, introduced United States Senator Knute Nelson as temporary chairman. He said in part:

"The tendency of the age is combination and concentration, and where the chief object of this is to lessen the cost of production so as to cheapen the cost to the consumer and not to obtain a monopoly, suppress competition or check the reduction in price to the consumer, the public will not be injured and has no fair ground for complaint. Whoever seeks to enjoy national protection and national advantages should also submit to national inspection and regulation. Protection in such cases should be mutual."

There is an appropriation of $175,000 for the equipment of each navy yard to be used for constructing any of the ships.

GRAND JURY TO INVESTIGATE

CHARGE IS MADE BY A DISMISSED SAN FRANCISCO OFFICER.

SAN FRANCISCO, July 1.—John N. Elbert was appointed Superintendent of the City and County Hospital July 15, 1901.

His appointment was made on the recommendation of Dr. Buckley, chairman of the Hospital Committee.

Yesterday afternoon Elbert's position was declared vacant by an act of the Board, again on recommendation of Dr. Buckley.

Upon receiving informal notice of his dismissal, Elbert went to Mayor Schmitz and reported that on account of his refusal to contribute a full month's salary, amounting to $200, he had been dismissed.

The Mayor immediately began an unofficial inquiry in regard to the charge made by Elbert.

Today Charles Sonntag, chairman of the Grand Jury, called the attention of that body to the charges, and recommended an immediate investigation.

Elbert's term of office ceased today at 12 o'clock. He received a note from the secretary of the Board of Health notifying him that his position had been declared vacant.

During the morning hours, Mr. Elbert was at his post of duty.

When questioned with regard to his dismissal, Elbert said:

"Some months ago I was approached by one James Rafferty. Rafferty was then a waiter at this hospital. He came to me and said that the Board needed money to carry on the litigation in which it was involved. 'You are expected to donate $200 out of your salary,' said Rafferty, 'and you are expected to assess the employes under you 25 per cent of their salary for the same purpose.'

"I immediately went to Mayor Schmitz and told him what Rafferty had said. The Mayor advised me to pay nothing out of my own salary and not to assess the employes under my charge. I took his advice.

"Today my position is declared vacant on recommendation of the same man who appointed me. I believe that the real cause of my dismissal was my failure to accede to the request, or demand, of Rafferty.

"This man Rafferty was discharged soon after making his proposition to me. I do not know where he is."

PAINTERS ACCIDENTALLY SET A HOUSE ON FIRE.

Painters burning off the paint from the residence of Thomas Paterson at 801 Jefferson street were the cause of an expensive blaze at that place this morning.

In some manner the flame from the burner found a way up the studding of the house and soon the wall was ablaze.

The fire department soon had the flames under control, but not before over $100 damage had been done.

The house was owned and occupied by Thomas Paterson and family and the loss was fully covered by insurance.

This is the second time within a week that the same place was set afire in the same manner. The damage done the first time was slight.

EXPENDITURE BY GENERAL WOOD.

WASHINGTON, July 1.—Acting Secretary of War Sanger today sent a communication to the House of Representatives in answer to the resolution directing the Secretary of War to furnish information as to what amounts have been paid from the Cuban treasury or funds of the Cuban people to F. B. Thurber or any other person, corporation or association for advocating reciprcity with the United States.

The answer of the War Department consists of certified copies of vouchers covering the payments referred to in the resolution, amounting to $15,626. These vouchers are accompanied by a letter from General Leonard Wood to the Secretary of War.

"The disbursments made," says General Wood, "were made by me as military governor of the island of Cuba and were made for the purpose of presenting to the people without reference to party or section, the desires of the people of Cuba as to the trade relations which should exist between that country and our own.

"The action taken was approved by the industrial and commercial classes of Cuba. It received the unqualified approval of the secretaries of the insular government and was an expenditure of Cuban funds for the purpose of promoting Cuban interests."
